## Project

Web Development Project	<div>●</div> <div>CHILL ON <b>sit back and relax</b></div> <div>It is a Netflix clone, that allows users to watch their favorite shows and web series anywhere, anytime without need of subscription. I designed it using HTML and CSS, it contains a Log-in page, home and scroll through page which connects it to the movie page.</div>
Python Program	<div>●</div> <div>Rock, Paper &amp; Scissors <b>game using PYTHON</b></div> <div>It a popular game, that we grow up playing. I built that game using python programming's Randomization and if-elif(s). It print outs user's choice and a random computer's choice and declare's a winner according to rules.</div>

## Education

Kurnool 2021 - Present	<div>●</div> <div>Bachelor Degree of Engineering <b>G. Pullaiah College of Engineering and Technology</b></div> <div>CGPA : 8.6</div>
